THE VOLUNTEER FIRE DEPARTMENT

Was organized August 9th, 1938 with the following Officers and Members, the Officers being elected to serve for one year:

<i>Chief</i>	William L. Merrill
<i>Deputy Chief</i>	Sidney Flanders
<i>Secretary</i>	Wilfred H. Marshall
<i>Treasurer</i>	Robert Baker
J. J. Sampson	Clayton Spiller
Herbert Rogers	C. Allen Fuller, Jr.
Lyman H. Nutt	Octave Dulude
W. O. Dufresne	Rodney W. Doucet
Charles E. Earle	Fred Paris
Walter Warriner	Robert Conn
Lewis N. Wheeler	Earl Meekins
Francis W. Merrill	Freeman Dudley
Walter C. Blackman	Ernest Dugrenier
Dane Ireland	Albert McNealy

Frank O'Brien

With the aims and purposes in view toward protecting life and property through procurement of modern, efficient Fire Fighting equipment and training in its use.

At this time the Town equipment consisted of:

- A 1926 Model T Ford Truck equipped with,
 - 2 Chemical Tanks
 - 200 feet of Chemical Hose with a Nozzle
 - 1 Soda and Acid Hand Extinguisher
 - 1 Fire Axe
 - 1 Extension Ladder
 - 1 Roof Ladder
 - 1 Pike Pole

Also a Portable Fire Pump with 1300 feet of 1½ in. Hose.

To raise funds for new equipment, the members engaged an Orchestra and with the Town, through the Selectmen

granting the use of the Town Hall without charge, a series of weekly dances were started which soon became popular and well paying. Also a series of Whist Parties were conducted successfully.

By the date of the annual meeting in August 1939, at which time the following Officers were elected,

Chief Lyman H. Nutt
Deputy Chief Walter Pow
Secretary C. Allen Fuller, Jr.
Treasurer Robert Baker

we had purchased a Chevrolet Truck Chassis and equipped it with

A 500 G.P.M. Centrifugal Pump
 200 Gallon Booster or Water Tank
 200 Feet of Booster Hose with angle nozzle mounted upon a reel
 Hose Body
 Searchlight mounted atop the cab
 2 Hose Lights mounted at rear
 2 1½ Quart vaporizing liquid Hand Extinguisher and numerous small tools, Nozzles and Siren.

We also started the purchase of a 1 quart V.L. Extinguisher for each member's car or truck, 16 of which are now in service.

A Circulating Oil Heater was purchased (one-half the purchase price being paid by the town) for heating the rebuilt Fire House.

Also an air compressing unit was purchased for inflating tires and blowing water from the Fire Pump and Hose after use.

The Selectmen had also purchased six pack pumps for forest fire use.

Another series of dances were started and with the funds raised we purchased a Ford V8 Truck Chassis with two speed rear end. Our funds being insufficient, the Town, through the Selectmen, loaned us the sum of \$500.00 with which we

had built and installed a 500 gallon booster tank and body with a 100 G.P.M. Rotary Pump.

The second annual meeting was held in August 1940. At this meeting, the department now having two trucks, a new constitution was adopted and two companies formed, the Department and Company Officers being elected as follows:

	<i>Chief</i>	Lyman H. Nutt
	<i>Deputy Chief</i>	Sidney Flanders
	<i>Secretary</i>	C. Allen Fuller, Jr.
	<i>Treasurer</i>	Robert Baker
Co. 1	<i>Captain</i>	Charles E. Earle
Co. 1	<i>Lieutenant</i>	Herbert Rogers
Co. 2	<i>Captain</i>	Robert Conn
Co. 2	<i>Lieutenant</i>	Arthur Powell

Another series of dances was started in September.

Since the Department was organized, we have raised and expended the sum of \$3,956.84 and have answered 16 alarms:

- 11 Chimney,
- 1 Burning rubbish which set grass afire,
- 1 Dwelling, set afire from hot ashes,
- 1 Dwelling, cause unknown,
- 1 Furnishings, set by spark from stove.
- 1 Grass, set by boys playing with matches.

Actual loss by fire	\$865.00
Probable loss without the Department	\$5,000.00

The people of this Town can help themselves and the Department by:—

- Annual cleaning of chimneys,
- Cleaning up of rubbish,
- Making available supply of water where possible by impounding of brook or rain water.

LYMAN H. NUTT,
Chief.

FIRE WARDEN'S REPORT

To the Citizens of Dunbarton:

Our forest lands represent a substantial proportion of the town's valuation. They provide income to our citizens, from the sale of forest products and through employment to woods' workers. The protection of our forest lands is essential to the continued welfare of the town. Fire is the forests' worst enemy. It not only destroys the growing crop but leaves the land in such condition that nothing of value will grow for a long period of years. In addition it costs good tax money to extinguish forest fires.

An analysis of forest fire records indicate that 97 per cent are man-caused and consequently avoidable. Carelessness and failure to comply with reasonable regulations governing the building of fires in and near woodlands has been costly to both towns and individuals. Through elimination of the human equation, forest fire losses would be reduced to a minimum. This is possible if every citizen would be careful, familiarize himself with burning regulations, comply with them and then use proper discretion.

We have been particularly fortunate in this town since the hurricane in not having had more serious fires. This is due in part to the strictness of our wardens in issuing permits and splendid cooperation on the part of the public. Great care is needed because conditions in our blown-down areas are more critical with down material drying out and becoming more highly inflammable. *The continued cooperation* of every one is necessary.

We should all remember that:

1. *Written permission of forest fire warden to burn brush, rubbish or other debris in or near woodlands or where*

fire may be communicated to woodlands *is necessary when the ground is not covered with snow*. Violation of this requirement makes the responsible party liable.

- a. To a fine not to exceed five hundred dollars or imprisonment of not more than one year or both.
 - b. To the town for expenses incurred by the warden or deputy warden in attending or extinguishing such fire.
 - c. For damages to abutting owners if the fire runs onto the abutters' property.
2. It is a violation of the Forest Laws of the state to—
- a. Drop or throw any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire, from any vehicle while the same is upon a public highway or private way.
 - b. Drop, throw or otherwise deposit on or near woodlands any lighted match, cigar, cigarette, live ashes or any other substance liable to cause a fire.

Violation of these prohibitions penalizes whoever is found guilty by a fine of \$25.00.

3. You should promptly notify your local forest fire warden of any fires you see.
4. The forest laws are being more strictly enforced each year.

Your cooperation will save the warden considerable worry; you and your town much trouble and expense.

The 1940 fire record for our town follows:

Number of fires	1
Acreage burned	2
Cost of suppression	\$14.50*
Number of permits issued	40

A. L. BURNHAM

*Town collected cost of one fire, \$8.10 from responsible party.

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School district in the Town of
Dunbarton, N. H., qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the 8th day of March 1941, at 10 o'clock in the forenoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the district, as determined by the school board in its annual report.

9. To see if the district will vote to make a change in the school entrance age.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Dunbarton this 11th day of February 1941.

REPORT OF SCHOOL BOARD

To the Inhabitants of the School District of Dunbarton:

The School Board herewith submits its annual report for the year 1940.

This year, for the first time, the State Board of Education requires transportation contracts, containing articles of agreement to be made between the school board and carrier.

A new transportation route was started this year from Mr. Noyes' to the Center School with Walter Warriner as conveyor. This route included two children boarded by Mrs. Noyes and two Armstrong children.

A vacancy in the office of school census taker and truant officer occurred by the death of Eugene Tucker. Dorothy Burnham was appointed to fill that vacancy.

At the annual meeting of the school district last March the sum of \$200.00 was added to the budget in the hopes of procuring a W.P.A. project for repair work on the schools.

The school board waited until August in anticipation of W.P.A. assistance, before undertaking any of this repair work.

In June some of the plaster fell from the ceilings and walls in the primary and grammar rooms of the Center School. Upon investigation much of the remaining plaster appeared to be loose. The board felt this situation involved the safety of forty to fifty children and they took every necessary precaution to prevent a disaster. It was for this reason the old laths were replaced by metal lathing. This ex-

plains the delay of one week in commencing school in September.

Mrs. Taschia Dunlap, music supervisor, summarizes her work in the following manner: Music instruction has consisted of vocal, instrumental, and auditory experiences. At the Center School, in addition to voice training with stress on fine tone quality, both the primary and grammar rooms have toy orchestras in which each child participates. The records purchased last year have provided excellent music appreciation material. At the South Dunbarton School 3-part and 4-part singing is very effective. Plans are now under way for a harmonica band at the Montalona School. Work has already begun on the operetta, "Rumplestiltskin", to be presented at the graduation.

Respectfully submitted,

EVA A. TUCKER,
MARY I. STONE,
WESTON P. LORD,

School Board.

Total	25

For the Manchester and Concord 21 pupils the rate is \$100 per year.

At Goffstown (4) the rate is \$80. A total bill approximating \$2,420 for the year. There are from Goffstown three tuition pupils attending South Dunbarton and one from Bow at Montalona. The tuition is \$36 per year per pupil. This district has one attending elementary school at "Parkers" school in Goffstown Town District.

Counting all pupils, elementary and high, there are about 91 whose homes are in Dunbarton in school this year.

Attendance percentages from last year registers are reported as follows:

Montalona	91.49%
Center Pri.	92.45%
Center Gra.	94.19%
South Dunbarton	98.92%

Average 94.23%

The average attendance for the State is about 95%. 98% is very high. Low attendance figures are in the main due to matters we cannot control—such as weather or epidemics. There is very little absence due wholly to indifference or carelessness. Most of it is due to sickness or weather. There are no habitual non-attenders.

A state law passed recently relating to “Physically Handicapped” children requires that such children who are unable to attend regular school sessions shall be given two hours weekly instruction in their homes if necessary. Dunbarton, fortunately, has no crippled or blind or deaf children.

The age rule for entering first grade is that the pupil must be six years old on or before Feb. 15 following his entrance in September.

It is hardly possible for one who has not been following rather closely the work of schools in recent years, to realize what changes have come. How often the few parents who “visit schools” remark about the “attractive” books there are today. This attractiveness naturally is the first thing to be noticed. But the difference from years ago is not merely in the attractiveness of books and their “covers”.

In beginning reading years ago, it was felt entirely necessary to know most if not all the letters of the alphabet before a child could think of reading. Today, a child may learn to read before ever hearing of the “A-B-C’s”. Some may still say it just can’t be done. But not only can it be done, but is done everywhere. Children can soon build up a vocabu-

lary so they can read simple stories about boys and girls like themselves, about pets and animals in which they all have an interest. The "word-list" gradually grows, increasing the range of the stories. As they go on they become accustomed to certain forms and sounds of letters or combinations of letters. The ones most needed are learned as needed. After a time it comes about that the alphabet has almost taken care of itself. Children are not interested in the "A-B-C's" as such. They are interested in the interesting stories.

In the "Readers" too the type of material has changed. You may remember or may have seen the Reader which began:

"In Adam's fall
We sinned all."

The early readers had a large portion of religious material. The New England Primer had about 75% religious material, 13% moral material, and 12% secular material. A modern reader will have about 2% religious material, 23% moral material, and 75% secular material. This religious type has become less and less until now it has almost disappeared. This is not an argumnet for for against its return. Rather a statement to illustrate the change in material.

Not only have the Readers changed in appearance, what's in them has just as radically changed.

Histories have changed. The long list of dates—the "facts"—or alleged facts—the data concerning campaigns and battles—ad infinitum—have pretty much passed as such. The emphasis is now shifted to the meaning of it all, what idea was in it or through it, what outcome, what contribution has this individual or that movement made? The emphasis on the importance and place of individuals, and ideas, that have become a part of our heritage.

Biography, re-written, as one we have of "Lincoln", a book, read and reread, until it's worn out. That biography, and others, have more inspiration and value than a memorized

list of dates and unimportant happenings. Books come now for schools, with such titles as "We, the Guardians of Liberty", or a Lowell Thomas book. "Stand Fast for Liberty", reminding young people of the cost of our "rights and privileges", and the challenge of real men, to safeguard them. Another, "America My Home".

There is no "subject" in schools, that has not changed both in content and in method. Whether we like it or not, these changes have come. Materials for children's books, are not selected because adults feel certain things are good for them, but rather are chosen on the basis of child ability and interest. "Methods" have changed, not merely for the sake of change, but as a result of trial and experiment which show the new or revised way more effective.

Changed materials and "methods" have not changed the purpose of elementary school which is to acquaint pupils with and cultivate the use of the so-called fundamentals—reading, spelling, arithmetic, and history. This isn't all, for more fundamental is the development of purpose and character through their years of mental and physical growth. The teacher's job may be a dreary one, and is certainly for pupils if a dry uninteresting routine devoted to practical consideration of the "practical" fundamentals alone make up the day's work. Your young people are not narrowed to just that. In every one of your school rooms every day you will find books from different libraries. Some pupils will have access during the year to two hundred or more books of travel, of stories, of science which not only inform or entertain, but help to provide a more intelligent background creating a desire for information and wholesome enjoyment and a fuller appreciation of the world in which they live. In such a purpose all do unite.

Respectfully submitted,

J. BYRON TARNEY,

Superintendent of Schools.

REPORT OF SCHOOL NURSE

Record of the annual examination and follow-up work during the school year 1939-1940.

At the time of this examination:

10 pupils were found to have defective vision—7 of these were corrected. 66 pupils were found to have defective teeth—42 of these were corrected. 1 was found to have defective hearing. 13 were found to have diseased tonsils—8 of these were corrected. 3 children did not show a successful vaccination.

Arrangements were made with Dr. Backus to have these children vaccinated this Fall.

Arrangements were made to have 6 children enter the hospital for tonsilectomy.

Through the Department of Public Welfare glasses were obtained for one pupil.

A dental clinic was held Oct. 19, 1940. 23 children received complete dental correction. Dr. G. Arthur Danforth was the operator. This clinic was made possible through the kindness and cooperation of the Red Cross, Community Club, the Grange and the School Board.

Cases of Communicable Disease

In the Spring of 1940 there were 15 chicken pox cases and 1 scarlet fever case. There were 33 home visits during the scarlet fever scare in May, 1940, and 35 visits since that date.

About 8 children are taking cod liver oil this winter.

EDITH G. WALKER,
School Nurse.
